

## Privacy Policy

This privacy policy is in respect of all websites owned and operated and served by Pineapple Group FZE and governs the privacy of its users who choose to use them. This policy sets out the different areas where user privacy is concerned and outlines the obligations & requirements of the users, the website(s) and website owners. Furthermore, the way this websites process, store and protect user data and information will also be detailed within this policy.

### Our Website(s)

At Pineapple Group FZE, we care about your privacy just like we care about our own, so we do all we can to protect the privacy of you, our lovely visitors, throughout your visit.

### Use of Cookies

Our website(s) uses cookies to make sure you have a great experience and that the information is relevant to you. When you first visit our site(s) you will be given a choice about the cookies and whether you are happy for us to use them. Cookies are small files saved to your computer hard drive (not sweet, yummy, chocolate biscuits unfortunately). They track, save and store information about what you do and how you do it, on our website(s). If you don't want cookies to do their thing on your computer's hard drive, then you should take necessary steps within your web browsers security settings to block all cookies from this website(s) and its external serving vendors.

Our website(s) also use tracking software to monitor visitors to better understand how they use our site(s). This software is provided by Google Analytics which uses cookies to track visitor usage. The software will save a cookie to your computer's hard drive in order to track and monitor your engagement and usage of the website, but will not store, save or collect personal information. You can read Google's privacy policy here for further information (<http://www.google.com/privacy.html>). Other cookies may be stored to your computer's hard drive by external vendors when our website(s) use referral programs, sponsored links or adverts. Such cookies are used for conversion and referral tracking and typically expire after 30 days, though some may take longer. No personal information is stored, saved or collected.

### Contact & Communication

When you contact this website and/or its owners you do so at your own discretion and provide any such personal details requested at your own risk. We will only keep your personal information for as long as we need it then we'll destroy it.

## Account Information

When you register yourself and/or your company with us on any/all of our websites either for alerts, to advertise, or for any other reason, we will gather your personal information (only that which we need to give you what you want and do our job) and we will keep it safe. We care about you and your personal details and hold them securely on our servers. We promise we won't pass them on to anyone else or sell them to another company (unless you really want us to?!). We do keep information about your activity on our website(s) so that we can see if we are doing a good job or if we need to do better! We're not being nosy, we just like to know what you find interesting and like to look at what we can do to make your visit even more great! We like to email you sometimes, either with the alerts you have asked for about the products/services available through our website(s) or with information that we think will be really interesting to you.

If you don't want to be in the Pineapple party any more that's cool. We'll be sorry to see you go but you can deactivate your account at any time.

## External Links

We work hard to make sure our website(s) only have quality, safe and relevant external links, but we advise you, our lovely users, to be careful before clicking on any external web links mentioned throughout our website(s). (External links are clickable text/banner/image links to other websites). We hope you don't have a problem and we work hard to make sure you won't, but we cannot guarantee or verify the contents of any externally linked website(s). We're sorry but you click on external links at your own risk and our website(s) and the owners cannot be held liable for any damages or implications caused by visiting any external links mentioned.

## Advertisement and Sponsored Links

We like adverts and sponsors but only the special ones. Our website(s) might contain sponsored links and adverts. We only allow adverts on our website(s) that we have approved so we think you'll like them too. But, if clicking on any adverts sends you to the advertiser's website through a referral program, it may use cookies and may track the number of referrals sent from this website. This may include the use of cookies which may in turn be saved on your computer's hard drive. We ask you all to therefore note that you click on sponsored external links at your own risk and our website(s) and their owners cannot be held liable for any damages or implications caused by visiting any external links mentioned.

## Social Media Platforms

Communication, engagement and action taken through external social media platforms that our website(s) and their owners participate on are governed by the terms and conditions and privacy policies held with each social media platform respectively.

We advise you all to use social media platforms wisely and communicate/engage upon them with due care and caution in regard to your own privacy and personal details. Our website(s) nor its owners will ever ask for your personal or sensitive information through social media platforms and if you want to have a chat about sensitive details then please give us a call or send us an email.

Our website(s) may use social sharing buttons which help share web content directly from web pages to the social media platform in question. Users are advised before using such social sharing buttons that you do so at your own discretion and remember that the social media platform may track and save your request to share a web page respectively through your social media platform account.

## Social Media Links

Our website(s) and owners, through their social media platform accounts, may share web links to relevant web pages. By default, some social media platforms shorten lengthy urls (web addresses). Be careful and use your amazingly good judgement before clicking any shortened urls published on social media platforms by our website(s). Despite our best efforts to ensure only genuine urls are published many social media platforms are prone to nasty spam and annoying hacking and, therefore, our website(s) and owners cannot be held liable for any damages or implications caused by visiting any shortened links.

## Updates

We like to be up-to-date and to keep you up-to-date so Pineapple Group FZE may update this privacy policy from time to time and will post a new version on our website(s). You should check this page occasionally so you know what changes have been made.

Thanks for reading!
